Subject: RE: outline for DB meeting

Thanks Sarah: I am just catching up on my emails and saw this one!

Here is the status of several (more immediate) tasks following up from our meeting with Darcy.

- Wendy will be comparing our EJ analysis against EJ 2020 by tomorrow
- Omar is starting to update our administrative record to be 508 compliant
- I will be reaching out to OAR's Part 192 folks by tomorrow with a paragraph similar to what we just sent Shaun for the AX.
- I expect to have an updated PN and Fact Sheet to Darcy tomorrow and will continue to update the Comm Strat in response to additional comments

Ex. 5 Deliberative Process (DP)

- I will sit a call with Lisa to address OITA's questions at 11 am tomorrow

Subject: outline for DB meeting

Hi Douglas and Valois –

Sorry I didn't make it in today – I'm not feeling well. I will try to call Darcy's office at 10am for our discussion. I put together a really quick outline for the meeting to serve as an agenda of sorts and make sure we cover everything.

Dewey Burdock Update – November 8, 2016

- Permits & fact sheets – status of each and discussion of major comments from Darcy
- Aquifer exemption – status and discussion of major comments from Darcy
- CEA – status and update from discussion with OECA
- EJ – status and update from discussion with ORC and EJ team
- Coordination with OAR
- Public notice, fact sheet, and coordination for next week
- Administrative record on website
- Communication Strategy
- Heads up to HQ, others next week

Thanks
Sarah
